Exploded view diagram of a Bosch power tool assembly, showing various components and their part numbers. The diagram includes a main assembly area with a motor housing (1420) and a handle (5130), and several sub-assemblies on the left and right. Part numbers are indicated by lines pointing to the corresponding components.

Left Side Components:

- 1950: Trigger switch
- 1940: Trigger switch button
- 1930: Trigger switch housing
- 1920: Trigger switch shaft
- 1890: Trigger switch seal
- 1910: Trigger switch seal
- 1900: Trigger switch seal
- 5040: Trigger switch housing
- 5190: Trigger switch button
- B16: Trigger switch button
- 5180: Trigger switch button
- 5170: Trigger switch button

Top Center Components:

- 5160: Trigger switch button
- 5150: Trigger switch button
- 5200: Trigger switch button
- 5140: Trigger switch button
- 5210: Trigger switch button

Bottom Center Components:

- 5080: Trigger switch button
- 5070: Trigger switch button
- 5090: Trigger switch button
- 6000: Fat Grease
- 5060: Trigger switch button
- 5050: Trigger switch button
- 5010: Trigger switch button

Right Side Components:

- 5300: Trigger switch button
- 5310: Trigger switch button
- 5400: Trigger switch button
- 5320: Trigger switch button
- 5330: Trigger switch button
- 5340: Trigger switch button
- 5350: Trigger switch button
- 5360: Trigger switch button
- 5370: Trigger switch button
- 5380: Trigger switch button
- 5390: Trigger switch button
- 1600: Trigger switch button
- 1610: Trigger switch button
- 1660: Trigger switch button
- 1620: Trigger switch button
- 1630: Trigger switch button
- 1640: Trigger switch button
- 1650: Trigger switch button
- 1670: Trigger switch button
- 1680: Trigger switch button
- 1690: Trigger switch button
